DIVISION OF POMOLOGY
The Huntsville Wholesale Nurseries.

MARCH 20 1908 Huntsville, Ala. 1908

FOR THE TRADE ONLY

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred; orders requiring 300 trees or more, and not less than 10 of a variety, will be filed at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 30th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows:

Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

BULLETIN NO. 3.

SURPLUS STOCK

—FROM—

The Huntsville Wholesale Nurseries.

HUNTSVILLE, ALA.

Shipments from St. Louis, Mo.,

.....AT.....

ONE DAY'S NOTICE.

WE have for the past twenty-three years offered in assorted lots at St. Louis in Spring such stock as we had in surplus. Herein is a schedule of what we now have in St. Louis for immediate shipment. The stock is exclusively of our own growing, at Huntsville, Alabama, fresh dug this Spring, and packed in the best manner in moss and warranted in fine condition. Everything is fine of the grade, with full fibrous roots, and not culled, as we adhere to a strict system of grading.

BELOW THE BLIZZARD LINE.

Our nurseries are far enough south to escape the severe freezing weather. Everything is bright, green and fresh—sound to the tips. Nearly all the sorts offered are standard sorts, such as most nurserymen can use in assortment with their own growing. Orders should be sent in as soon as possible, but the stock need not be shipped until wanted, as we are prepared to hold it in good condition. We have nothing for sale not offered in this list.

It will be noticed by some of our correspondents that we have refused orders the past season for several articles listed. Our fear of overselling and some countermands are responsible for this. We ask attention to the small-sized trees offered for transplanting into nursery rows. All of the small trees, as well as the large ones, are very nicely rooted, and everything is young, smooth and bright.

We can refer to nurserymen who have bought of us in every State and Territory. We can give satisfaction, and guarantee it for these shipments.

TERMS: Cash with order, or 30 to 60 days from date of shipment to responsible, prompt-paying parties. In box lots the price of boxes is included, but the price of boxes or orders filled from the Nurseries is extra. The cost of drayage will be charged in both cases.

For convenience in telegraphing a cipher is given. The cipher word stands for one box only in cases where there are more than one in the same assortment.

Address

Care ST. LOUIS REFRIGERATING & COLD STORAGE CO.,

Lewis & O'Fallon Streets, ST. LOUIS, MO.

ST. LOUIS, Mo., March 18, 1903.

HEIKES--HUNTSVILLE--TREES.

Address W. F. HEIKES, Manager, care St. Louis Refrigerating & Cold Storage Co., Lewis and O'Fallon Streets, St. LOUIS, Mo.

 Be careful to give this address in full.

LINING OUT TERMS.

The small sized trees offered in this list are very appropriate for Lining Out in nursery rows and should make good salable trees for the Fall of 1903 or Spring of 1904. Upon trees for this purpose we will accept notes, on responsible prompt-paying parties, payable on or before May 1, 1904, with the maximum legal rate of interest from date of invoice. All the trees 3 to 4 feet and under sizes and the No. 1½ and No. 2 Roses come under these terms.

If Lining Out terms are desired it must be so stated at the time the order is made.

FREQUENT BULLETINS.

We will issue Bulletins from St. Louis weekly during March and April. Any one failing to receive them regularly will please write for copies.

PEACHES—One Year—and "June Buds."

The following varieties of peaches, next to Elberta, are the most valuable market varieties that have been well tested. They ripen in the order named—Carman, Hiley or Early Belle, Family Favorite, Belle of Ga. They are harder in bud than Elberta, and in many places where Elberta fruit buds are killed this season these varieties are sound. The Carman ripens from ten days to two weeks earlier than Elberta, the others following in succession—all earlier than Elberta.

The 3 to 4 feet and undersizes are mostly June Buds. They are equal if not superior to one-year-olds. They are stocky for their height and well matured and are in perfect condition.

PEACH SEEDLINGS.

These Seedlings are intended for transplanting to bud the coming Summer. They are in perfect condition and just the right size for this purpose. The results from such seedlings are much better than from transplanted slips of the present season's growth.

5 Boxes, each containing 2500 Seedlings 2-16 to 3-16	<i>Sable</i>	8 75

ROSES--Dormant. Field Grown. Own Roots and Grafts.

The No. 1 plants will have three or more branches and will be cut back to 18 or 24 inches. The roots are very fine. We make a grade of Roses called No. 1 $\frac{1}{2}$. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height, and make a very nice grade for mailing.

NO. 2 PLANTS FOR TRANSPLANTING AT ONE-HALF THE PRICE OF NO. 1. The tops of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting.

Unsolicited Testimonials.

MISSOURI, March 4, 1903.—"I have already bought of _____, but would much prefer your trees if I had known I could have got them."

GEORGIA, January 10, 1903---"The trees arrived on last night's freight. We opened them up this morning and found them in good condition—in fact we think it as nice a lot of trees as we have ever seen. We were pleased with the shipment."

TEXAS, February 19, 1903---"The trees we got of you were the best of that grade that I ever saw. Every one was more than pleased."

GEORGIA, February 7, 1903---"The people here in this locality are highly pleased with your trees."

MISSOURI, January 4, 1903---"The car load of trees we got of you last Spring grew finely."

NEBRASKA, April 9, 1902---"The trees you shipped me April 1st arrived a few days ago in good condition and are a fine lot of trees. It is a pleasure to deal with a man like you, and your honest delivery has built you up a trade no one can take from you."

NEW JERSEY, April 4, 1902---"The box of trees arrived to-day. I have examined same and find them in good shape."

VIRGINIA, April 7, 1902---"Shipment of cherry, pear and peach reached me in good condition a few days ago."

NEW JERSEY, April 4, 1903---"Box of peach from St. Louis arrived to-day. Very fine all through."

IOWA, April 4, 1902---"Stock arrived Saturday. We opened the 'Putty.' They are a fine lot of little trees, all O. K. Will open balance to-morrow. Thanks for prompt shipment and good stock."

KANSAS, June 10, 1902---"Boxes of trees shipped this Spring arrived in the finest of shape and are all doing well."

NEBRASKA, April 23, 1902---"The peaches arrived in most excellent condition and were certainly a fine lot."
